

PROTECTING OUR PRECIOUS ENVIRONMENT

Your Waste. Our Solutions.

Western Canada's Clear Waste Management Solutions

One Environmental Inc. is Alberta's most competitive waste management solutions provider. Driven by an unwavering commitment to protecting our environment, we strive to ensure that waste is expertly handled in a sustainable and cost effective manner.

INDUSTRY-LEADING CAPABILITIES & SERVICES

Our capability and service commitment to providing both Industrial and Oilfield waste management solutions throughout Western Canada has waste generators and transporters throughout the region taking notice. Our comprehensive range of services includes:

- HAZARDOUS WASTE MANAGEMENT
- DRUM & TOTE WASTE COLLECTION
- VACUUM TRUCK SERVICES
- EMERGENCY RESPONSE
- NON-HAZARDOUS WASTE MANAGEMENT
- BULK WASTE PROCESSING & TREATMENT
- WASTE OIL / OIL FILTER / WASTE FUEL RECYCLING

One Environmental is one of only two companies in the Calgary area with provincial clearance to accept and treat hazardous waste. Our state-of-the-art processing facility can accept chemical waste, dangerous goods, industrial sludge, oilfield drilling mud and much more.

Our service network extends our waste management solutions capability throughout the provinces of Alberta, BC, Saskatchewan and the Territories.

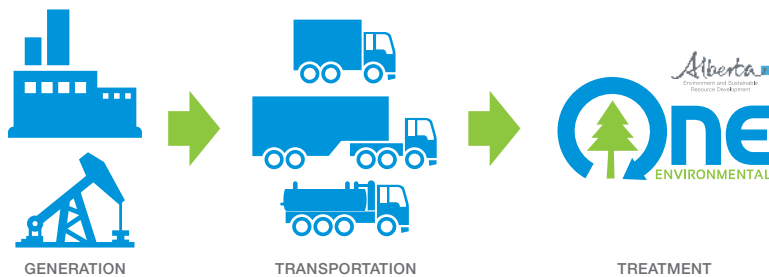

One Environmental's experienced and highly-trained team can deliver the transportation, processing and disposal solutions you need – when and where you need them.

When service and reliability count, One Environmental stands out by exceeding industry expectations.

Choice for Solutions

STATE-OF-THE-ART FACILITIES

In addition to our newest facility in South Central Alberta, One Environmental operates within a facilities network that provides province-wide access to transportation, storage, processing and disposal.

Our comprehensive AESRD authorization ensures cost effective solutions for waste generators while mitigating or eliminating liability and risk.

SERVICE WHEN AND WHERE YOU NEED IT

We'll show you what industry-leading pricing and customer service can mean for your Waste Management needs.
